

Nikita Golovlev

Front-end Developer

Portfolio: nikitacodes.com

Email: nikitagolovlev.design@gmail.com

Telegram: @n_golovlev

Summary

Frontend developer focused on building optimized and maintainable websites and e-commerce solutions. My main tech stack is Vue, Nuxt, TypeScript, and Craft CMS. I have experience working on both new projects and maintaining legacy ones: migrating stacks, optimizing performance, and improving UX. I am comfortable taking responsibility for technical decisions, code quality, and collaboration with cross-functional teams.

Skills

Vue 3, Nuxt, Pinia, JavaScript, TypeScript, TailwindCSS, Craft CMS, Sass, REST API, Backend for Frontend, Astro, GSAP, Git, GitHub, Figma, PHP, WordPress

Languages

English — B2 (Fluent speaking)

German — B2 (Fluent speaking)

Russian — Native speaker

Work Experience

Your Next Agency

Front-end / Craft CMS Developer

Full-time, Feb 2025 — Present

Achievements:

- Refactored a heavy e-commerce module: cut bundle size by 4x and added lazy-loading for modules and Vue components.
- Migrated outdated Vue code to Composition API and TypeScript; introduced client-side template compilation for AJAX-requested components.
- Contributed to website redesigns: pages I worked on achieved all-green scores in PageSpeed Insights.
- Ran code reviews and set up best practices for Tailwind CSS across the team.
- Developed a multilingual website with support for static and dynamic translations in 8 languages, including version switching functionality.
- Implemented dynamic pages that successfully passed AccessibilityCheck for compliance with EU accessibility requirements.

Stack: Vue 3, Vite, TypeScript, JavaScript, Tailwind CSS, Reka UI, Figma

Pharmaceutical Cosmetic LLC

Front-end Developer

Full-time, Feb 2023 — Feb 2025

Achievements:

- Migrated the main website to Nuxt + Headless WordPress, tripling page load speed and improving SEO rankings.
- Built a new brand website with dynamic marketing pages.
- Rebuilt a training landing page with Astro, doubling mobile speed and adding Git version control.
- Designed and implemented a unified design style for all company web projects.
- Integrated websites with external services via APIs and provided continuous technical support.

Stack: Vue 3, Nuxt, SSR, Vite, TypeScript, Tailwind CSS, GitHub Actions, Astro, WordPress, REST API, Sass, GSAP, vee-validate, Zod, nodemailer, Node.js, PM2, Figma

ACE-RU LLC

Front-end Developer (Trainee)

Contract, Nov 2022 — Feb 2023

Responsibilities:

- Managed full-cycle web projects from client briefing to delivery.
- Developed responsive, cross-browser layouts with WordPress.

Stack: JavaScript, Sass, Parcel, WordPress, PHP.

Education

Creative Audio Director (MA)

2020 – 2022 | Fachhochschule Dortmund

- Team lead, winner of International Sound Award 2022 for exhibition audioguide project

Sound Designer

2012 – 2017 | Litovchin Institute of Film and TV

Courses

- OOP in PHP — Hexlet, 2024
- Learn JavaScript: Full-Stack from Scratch — Udemy, 2023
- UX/UI Design — Yandex Practicum, 2022–2023
- Google UX Design Certificate — Coursera, 2022
