About me

Frontend engineer with 3+ years of experience building fast, accessible interfaces in Vue/Nuxt and TypeScript.
I specialise in performance optimisation, modern CSS tooling, and turning UX/UI designs into clear, predictable user experiences. Open to relocation.

Skills&Tools

Vue 3, TypeScript, React, Nuxt, Pinia, JavaScript,, TailwindCSS, Craft CMS, Sass, Astro, GSAP, Git, GitHub, Figma, PHP

Languages

English — Professional | German — Professional | Russian — Native

Experience

Front-end / Craft CMS Developer, Your Next Agency

Feb 2025 – Present
Digital-first agency based in Amsterdam delivering web, mobile, e-commerce and branded solutions for global clients, including Fortune-500 companies.

Key achievements:

- **Reduced e-commerce module bundle size by 4×** through refactoring and lazy-loading, i**ncreasing Google PageSpeed scores by 15–30 points** across 10 websites (100k MAU).
- Implemented core pages for a redesigned website that **passed EU Accessibility Check** compliance.
- **Optimized queries** for a static-caching plugin on a content-heavy website, resulting in **70% faster entry save times and a 3× reduction of cache-invalidation queue jobs.**
- Introduced **Tailwind CSS best practices** across multiple teams, **cutting CSS bundle sizes by up to 30%** and **improving maintainability** across projects.
- **Migrated legacy Vue 2 components to Vue 3 and TypeScript,** improving developer efficiency through stronger typing and IDE tooling.

Stack: Vue 3, React, Vite, TypeScript, JavaScript, Tailwind CSS, PHP, Craft CMS

Front-end developer, Pharmaceutical Cosmetic LLC

Feb 2023 — Feb 2025
Exclusive distributor of USA and South Korean skincare brands in the CIS region.

Key achievements:

- **Migrated the main webshop** from classic WordPress to Nuxt with headless WooCommerce, **delivering 3× faster load times,** higher SEO rankings, and a **25% increase in conversion rate.**
- **Moved the dynamic webinar landing page** from a SaaS page builder to Craft CMS, **cutting monthly content-update time by up to 4 hours.**
- **Created a unified design system** for all company web projects, improving brand consistency and recognition for new clients.

Stack: Vue 3, Nuxt, SSR, Vite, TypeScript, Node.js, Tailwind CSS, GitHub Actions, Astro, WordPress, Sass, GSAP

Front-end developer (Trainee), ACE-RU LLC

Nov 2022 — Feb 2023

Russian affiliate of an Italian industrial certification group supporting manufacturers with compliance and documentation for Eurasian (EAEU) technical regulations.

Responsibilities:
- Managed full-cycle web projects from client briefing to delivery.
- Developed responsive, cross-browser layouts with WordPress, Sass, JavaScript.

Stack: JavaScript, Sass, Parcel, WordPress, PHP

Education

Creative Audio Director (MA)

2020 – 2022 | Fachhochschule Dortmund

- Team lead, winner of International Sound Award 2022 for exhibition audioguide project

Sound Designer

2012 – 2017 | Litovchin Institute of Film and TV
