Work Experience

Your Next Agency

Frontend Developer

Feb 2025 – Present

- Delivered frontend solutions across 20+ international projects in e-commerce, media, tourism and public sector domains.
- Owned implementation of business-critical user journeys including registration systems, donation platforms, multilingual websites and e-commerce experiences.
- Built accessible interfaces compliant with European accessibility requirements.
- Modernized legacy Vue codebases through Composition API and TypeScript migrations.
- Improved performance across multiple production applications through bundle optimization, caching and rendering improvements, achieving measurable PageSpeed gains and faster user experiences.
- Collaborated directly with clients and stakeholders to define requirements and deliver production-ready solutions.

Pharmaceutical Cosmetic LLC

Frontend Developer

Nov 2022 – Feb 2025

- Migrated the company's primary website to Nuxt and Headless WordPress, improving performance, SEO and maintainability.
- Built and launched a new brand website with configurable marketing pages.
- Replaced a SaaS-based training platform with Astro, improving performance and introducing Git-based development workflows.

- Established a shared frontend architecture and design system across multiple company web projects.

Selected Projects

Quiz Builder Platform

SaaS-style form and quiz platform built with Next.js App Router and Supabase. Focused on pleasant UX, scalable application architecture, reusable UI system and best React/Next.js practices

Partij voor de Dieren

Delivered a large-scale visual and technical refresh of business-critical registration, donation and e-commerce journeys across a multi-site platform powering 80+ websites. Implemented frontend architecture improvements and performance optimizations supporting both end users and content editors.

Craft CMS Export Feeds Plugin

Designed and implemented UI for an extensible export plugin supporting Google Merchant, Facebook and Channable integrations.

Education

Fachhochschule Dortmund — Creative Audio Director (MA), 2020–2022

Litovchin Institute of Film and TV — Sound Designer (BA), 2012–2017
